# Express Laminate

**Express Laminate** is a well built, commercial-duty product. All surfaces are thermo-fused plastic on environmentally friendly particleboard. All drawers have ball-bearing full suspensions and hanging file rails. All edges have 3 mil edging, including the edges of the box drawers. All products have leveling glides. The product is KD and assembles using steel pins, cam locks, dowels, L-brackets, and screws. Assembly is easy, and, when complete, the product is very sturdy. **Assembly instructions are in each carton.**

**L-Unit Desk**

**\$1300**

L Unit- Our most popular set. 30x65 main desk with 47x24 return and pedestals.

EL102/145/166/175 **\$1300**

# Lair

Lair stations offer a variety of options and capabilities best used for space division and multiple work surfaces. This versatile product's options include benching, L-shapes, U-shapes, glass divider panels, confab seat cushions that can be custom upholstered, tall hutches, & lower hutches. **Lair worksurfaces are not sold separately and are only sold with Lair legs and stretcher bars.**

Lair is the industry's most modestly priced version of modern & modular workstations. It is solidly constructed with silver metal legs and sturdy stretcher bars. Each station can be powered under the worksurfaces. Grommet holes are standard on Lair.

## LAIR Collaboration Stations \$6305

*Price with LST35-BK custom upholstered \$6830  
Chairs not included with price.*

Lair Collaboration Stations are ideal for open workspace environments. Optional padded seating atop storage adds to the team environment, while optional ELD frosted glass divider panels can give a sense of privacy between spaces.

The LST35-BK, optional padded seat, may be custom upholstered in many different CULP colors and patterns to match the primary seating or décor.

# Tackable Perimeter Panels

**TACKABLE PERIMETER** is a unique divider system that creates space division easily and cost effectively. These dividers mount to desk tops with Aluminum posts and can be placed on the perimeters of each station, or split the middles of multiple stations. These beneficial panels do not take any space from one staff member at the expense of another. Tackable Perimeter has aluminum frames with tackable fabric inserts. Two heights are stocked at 12" and 24". Widths are 24" to 84". Perimeter works with Lair, Express Laminate, and Status desks.

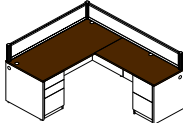

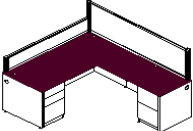

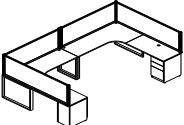

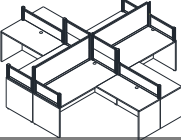

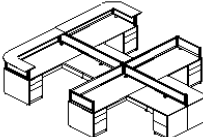

**PERIMETER** is shown below in its variety of lengths and heights. **NEW ELTP Tackable Panels** are upholstered in standard black fabric. Custom upholstery options are available in Grade B and Grade C fabrics. At left, panels are shown upholstered in Grade B First Dibs "Lime."

## Tackable Perimeter Panels

Reception counters, both straight and L shaped, attach to Perimeter and create reception stations. Our affordable desk products, plus Perimeter and ECA electrical, can create full office "cubicles" without paying for expensive full-height panel systems.

Perimeter panels are now available in **ELTP** tackable options! **Black fabric is standard.** Custom upholstery available.

## NEW ELTP Panels

Tackable Fabric for Perimeter Dividers. Grade B or Grade C

**NEW Grade B Fabric**—Quick Ship Fabric Options—Add \$95 per 12"H panel —Add \$120 per 24"H panel

**NEW Grade C Fabric**—Designer Series—Add \$125 per 12"H panel —Add \$145 per 24"H Panel

# Acrylic Perimeter Panels

**PERIMETER** is a unique divider system that creates space division easily and cost effectively. These dividers mount to desk tops with Aluminum posts and can be placed on the perimeters of each station, or split the middles of multiple stations. These beneficial panels do not take any space from one staff member at the expense of another. Acrylic Perimeter has aluminum frames with **frosted acrylic inserts**. Two heights are stocked at 12" and 24". Widths are 24" to 84". Perimeter works with Lair, Express Laminate, and Status desks.

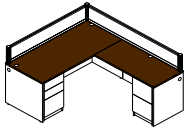

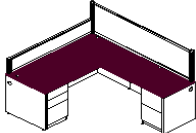

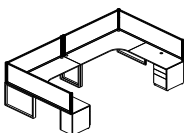

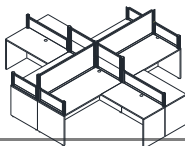

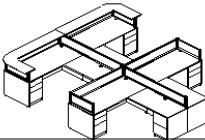

Acrylic Perimeter Panels

Perimeter panels 12" high and 24" high come in frosted acrylic or tackable fabric. Easy to clean with most cleaning solutions. Acrylic panels can be used to establish a physical barrier to help reduce exposure to droplets produced by sneezing, coughing, and talking. Keep your office clean and safe.

Reception counters, both straight and L shaped, attach to perimeter and create reception stations. Our affordable desk products, plus Perimeter and ECA electrical, can create full office "cubicles" without paying for expensive full-height panel systems.

### ASSEMBLY / SPECIFICATION HELP BELOW

Lair products are modular for maximum flexibility, but require specification of multiple components to make a complete product.  
Tables consist of a table top, a leg or legs and a stretcher bar for support. Line drawings of common configurations are shown below.

		
<p>All worksurfaces must have a stretcher BAR for support. Legs are non-directional. Stretcher is in the middle of the leg and attaches to the leg with screws, provided.</p>	<p>Single Ped Stretcher Bar (or Return) Attaches to "O" Leg on Left and Screws to Top with self-taping screws. May need to be cut to fit with tops less than 71" wide.</p>	<p>L Unit Frame</p> <p>Flat Brackets</p> <p>Single Ped Stretcher</p>
<p>The end of a Lair table can be an "O" Leg (left) or a Pedestal (right) shown above.</p>
